Material Condition Status Report & Unit Status Report

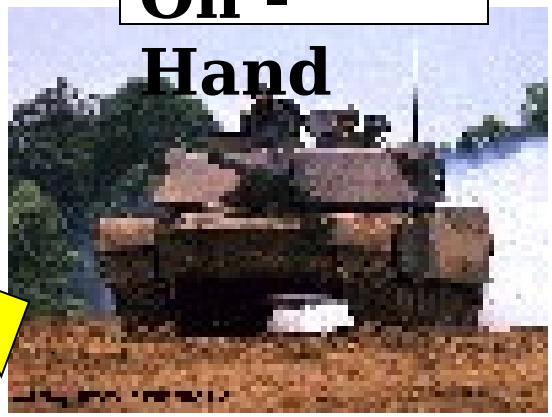
The
Military Police Officer
Advanced Course

MCSR & USR

Snapshot & Picture of Readiness

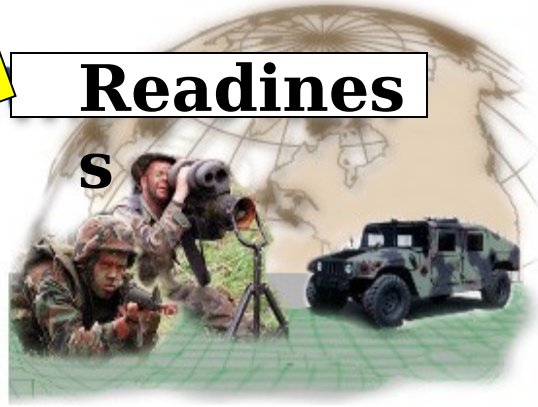
DA Form 2406

On - Hand



Personnel

Readiness



Training

MCSR Purposes

- Provide Information on the Status of Equipment
- Provide Information on Workloads, Density & Availability
- Provide Information for the Unit Status Report

Frequency of the MCSR

- Active Duty
  - Monthly
  - Ending on the 15th of each Month
  - Keep on File for 6 Months
- USAR/NG
  - Quarterly
  - Ending on 15 Mar, 15 Jun, 15 Sep, 15 Dec
  - Keep on File for 1 Year
- Local Provisions

Reporting Units/Activities

Unit Status Report

- All Units & Activities under Utilization Codes: 0, 4, 7, 8, A, H, K, Q, W
- Make Separate Reports when 1 or More of the Above Codes Apply
- Units Complete the MCSR at the Unit Level
  - No Higher than BN

MTOE Units - BN is Parent Unit

TOE Separate Units - Own Parent Unit

TDA Units - Property Book Level is Parent Unit

(Pg 14, fig 2-1)

Reportable Equipment

Unit Status Report

- Equipment Listed in Appendix B, AR 700-138, pg 78
- In-Lieu-Of Equipment
  - IAW Appendix H, SB 700-20

DA Form 2406 Sections

- Heading
- Availability Status
- NonAvailability Status

Unit Status Report

AR 220-1

The Bottom Line

Unit Status Report

- Overall Readiness or C - Level
- Take the Lowest Overall Resource Area Level
  - Personnel / P - Level
  - Equipment on Hand / S - level
  - Equipment Serviceability / R - Level
  - Training / T - Level
- Mission Accomplishment Estimate (MAE)

Objectives

Unit Status Report

- Show Current Status of US Army Units
  - NCA
  - OJCS
  - HQDA
  - All Levels of the Chain of Command
- Portray Army Wide Conditions & Trends
- ID Factors Which Degrade Unit Readiness

Objectives
Unit Status Report

- Current Assets Compared to Wartime Requirements
  - Personnel
  - Equipment
- Assist the Allocation of Resources
  - HQDA
  - Intermediate Chain of Command
- Deployments

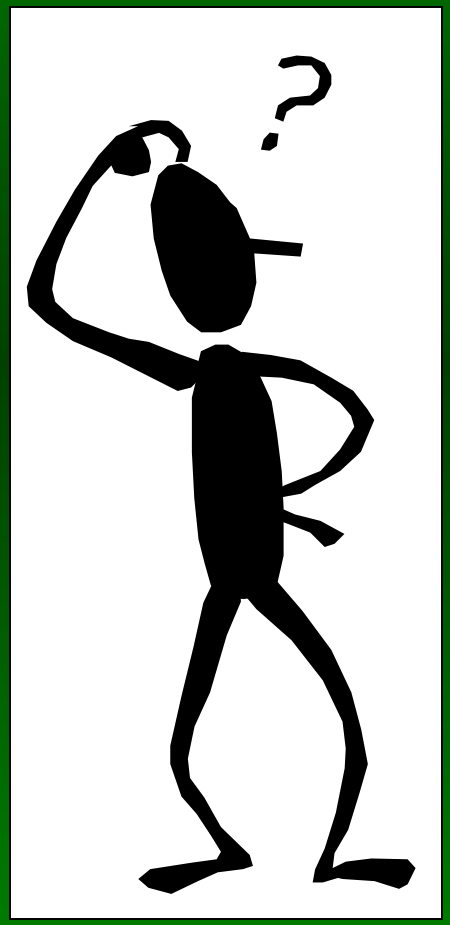
The Army's USR Objective

Unit Status Report

- Maintain Unit's at Highest Status Level Possible
- Early Deploying Units Have Priority
- Authorized Level of Organization (ALO) from Unit MTOE
  - ALO 1 = 100%
  - ALO 2 = approx 90 %
  - ALO 3 = approx 80 %
  - ALO 4 = approx 70 %

Who Reports?

Unit Status Report



- Active Component Units
  - 15th Day of Every Month
- Reserve Component Units
  - 15th Day of Jan, Apr, Jul, & Oct

Types of Reports

Unit Status Report

- Regular / Initial (KA1)
- Change (KA2)
- NATO (KA3)
  - POMCUS
- Sub-Reports
  - Validation
  - Composite
  - Exception

General Instructions

Unit Status Report

- Commander's Responsibility
- Authorized Level of Organization (ALO)
- Classification
- Excused From Reporting
- Retention of Reports
  - Six Months at Unit Level

Standard Rules

Unit Status Report

- Rounding Rule
  - .5 or Higher Round Up
  - Lower than .5 Round Down
- Compute Resource Levels Against Wartime Requirements
- Exception: Equipment Serviceability is Computed Against Equipment On Hand

Heading/Unit ID Data

Unit Status Report

- SORT Unit Set, Section A
- RPTDUIC Set, Section A
- Classification Code “C”
- Transaction Type Code
- Report Type Code

Personnel

Unit Status Report

- Assigned Strength
  - = Assigned / Required X 100
- Available Strength
  - = Available / Required X 100
- Available MOS Qualified
  - = MOS Qualified / Required X 100

Personnel

Unit Status Report

- Available Senior Grade
  - = Available Senior Grade / Required Senior Grade X 100
- Personnel Turnover
  - = # Personnel Departed Last 3 Months / Assigned X 100
- Determine P-Level
  - Refer to Table 4-1, pg 15

Other Personnel Sets

Unit Status Report

- PROFIS Set, Section B
- Female Set, Section B
- ACTGURES Set, Section B

Equipment on Hand

Unit Status Report

- Determine ERC A Lines
- # of LIN Items Req More than 21
  - Percent Fill = Equip on Hand/Equip Req X 100
- # of LIN Items Req Less than 21
  - Percent Fill refer to Table 5-2, pg 19
- Determine Overall S- Level
- Determine Same for ERC B/C

Equipment on Hand

Unit Status Report

- Determine S Levels
  - # LINs S-1 = ____
  - # LINs S-2 = ____
  - # LINs S-3 = ____
  - # LINs S-4 = _____
- Determine each S-Level Percentage
  - # S-1 LINs / Total # LINs
  - # S-2 LINs / Total # LINs
  - # S-3 LINs / Total # LINs
  - # S-4 LINs / Total # LINs

Equipment Serviceability

Unit Status Report

- Complete MCSR DA Form 2406
- Determine R - Level
  - refer to Table 6-1, pg 24

Training
Unit Status Report

- Training Days Needed
  - METL
  - Training Management
    - T P U
- Resource Constraints
  - A - Insignificant Impact
  - B - Minor Impact
  - C - Major Impact
  - D - Prohibits Training

- Determine T - Level
  - Refer to Table 7-1, pg 25

MAE

Unit Status Report

- Commander's Subjective Assessment of Unit's Ability to Conduct It's Wartime Mission
- Expressed in Terms of % of Wartime Mission that Can Be Accomplished Upon Alert
- % Goes in the READYSEG Set, Field 1
- Provides a More Definitive Estimate the Unit's Abilities

Overall C - Rating

Unit Status Report

- Commander Determines by Reviewing All Resource Levels
- Start with Lowest Unit Status Level
- Compare Overall Rating to MAE
- Subjectively Upgrade or Downgrade Based on Assessment & Comparison

Remarks Section

Unit Status Report

- Ready Level
  - All Units Will Submit
- Reason Card
  - Only if Subjectively Upgrade or Downgrade
- Training Remarks
- NBC Training
  - Mandatory for All Units
- Comments
  - Short & Concise
  - Avoid Redundancy
  - Detail Problems Degrading Unit Status
